Quarterly Balance of Payments

Second Quarter, 2020

Balance of Payments

Table 1 present quarterly balance of payments for the period 2017 to 2020. During the second quarter of 2020, the current account balance contracted to a deficit of KSh 82.2 billion from a deficit of KSh 136.9 billion in the corresponding quarter of 2019. The narrowing of the merchandise trade deficit by 32.5 per cent to KSh 187.4 billion in the second quarter of 2020 mainly occasioned the improvement in the current account balance. However, net inflows in international trade in services which declined by 84.8 per cent to a surplus of KSh 5.8 billion in the second quarter of 2020 dampened the improvement in the current account balance.

In the second quarter of 2020, imports valued on *f.o.b* basis reduced relatively faster by 23.2 per cent to KSh 326.5 billion compared to 5.5 per cent decrease in exports to KSh 139.1 billion. In the export market, earnings from tea and coffee during the quarter under review improved while those from horticulture, articles of apparel and clothing; and iron and steel recorded significant declines.

Receipts from international trade in services reduced significantly from KSh 141.0 billion in the second quarter of 2019 to KSh 89.7 billion in the second quarter of 2020. This development was partly as a result of sluggish performance in exports of international travel and transport services. International travel account posted a reduction of 88.9 per cent to a surplus of KSh 2.3 billion in the second quarter of 2020 from a surplus of KSh 20.4 billion in the same quarter of 2019. In the Secondary income account, remittances from the diaspora showed resilient whereby they increased marginally to KSh 81.4 billion during the review period.

Net financial inflows reduced by 36.7 per cent to a surplus of KSh 179.9 billion in the quarter under review from a surplus of KSh 284.1 billion in the second quarter of 2019. The stock of gross official reserves went up by 9.0 per cent to KSh 1,037.5 billion as at end of the quarter under review due to increased disbursements of loans. As a consequence, the overall balance of payments position was in surplus of KSh 44.0 billion in the second quarter of 2020 compared to a surplus of KSh 93.8 billion posted in the corresponding quarter of 2019.

Public External Debt

The stock of external public and publicly guaranteed debt rose by 16.3 per cent from KSh 3,023.1 billion as at end of June 2019 to KSh 3,515.8 billion as at end of June 2020 as presented in Table 2. The largest growth was recorded in the stock of multilateral debt which increased by 44.5 per cent to 1,321.6 billion as at end of June 2020 and accounted for 37.6 per cent of the total outstanding external public and publicly guaranteed debt. This was largely attributable to increased disbursements of programme loans which nearly tripled during the review period.

International Merchandise Trade

In the second quarter of 2020, the balance of international merchandise trade improved from a deficit of KSh 309.8 billion in second quarter of 2019 to KSh 211.7 billion, as shown in Figure 1 and Table 3. This was mainly on account of volume of international trade, which decreased from KSh 604.2 billion in the second quarter of 2019 to KSh 490.0 billion in the quarter under review. The significant decline in volume of trade was as a result of a decrease in both value of imports by 23.2 per cent to KSh 350.8 billion and total value of exports by 5.5 per cent to KSh 139.1 billion.

Value of Domestic Exports

The value of domestic exports in the second quarter of 2020, decreased marginally to KSh 127.7 billion from KSh 128.8 billion in the corresponding quarter of 2019. Export earnings from tea rose significantly from KSh 25.1 billion in second quarter of 2019 to KSh 34.8 billion in the quarter under review, translating to 38.9 per cent increase, as illustrated in Figure 2 and Annex 1. Similarly, the value of exports of coffee increased by 9.2 per cent to KSh 7.8 billion in the second quarter of 2020. However, significant declines were recorded in export value of horticulture (6.1%), articles of apparel and clothing (31.3%), and iron and steel (34.4%).

Figure 2: Domestic Exports of Selected Commodities, 2nd Quarter, 2018-2020

In analysis by Broad Economic Category classification, the value of domestic exports of Food and Beverages stood at KSh 68.3 billion in the second quarter of 2020, accounting for 53.5 per cent of the total domestic exports as presented in Annex 7. In this category, the export value of primary food and beverages for household consumption increased by 27.7 per cent from KSh 36.9 billion in the second quarter of 2019 to KSh 47.1 billion in the second quarter of 2020. Export earnings from non-food industrial supplies declined by 10.3 per cent to KSh 27.7 billion in the quarter under review from KSh 30.8 billion in the corresponding quarter of 2019. The drop was attributable to 18.0 per cent decrease in exports of non-food processed industrial supplies.

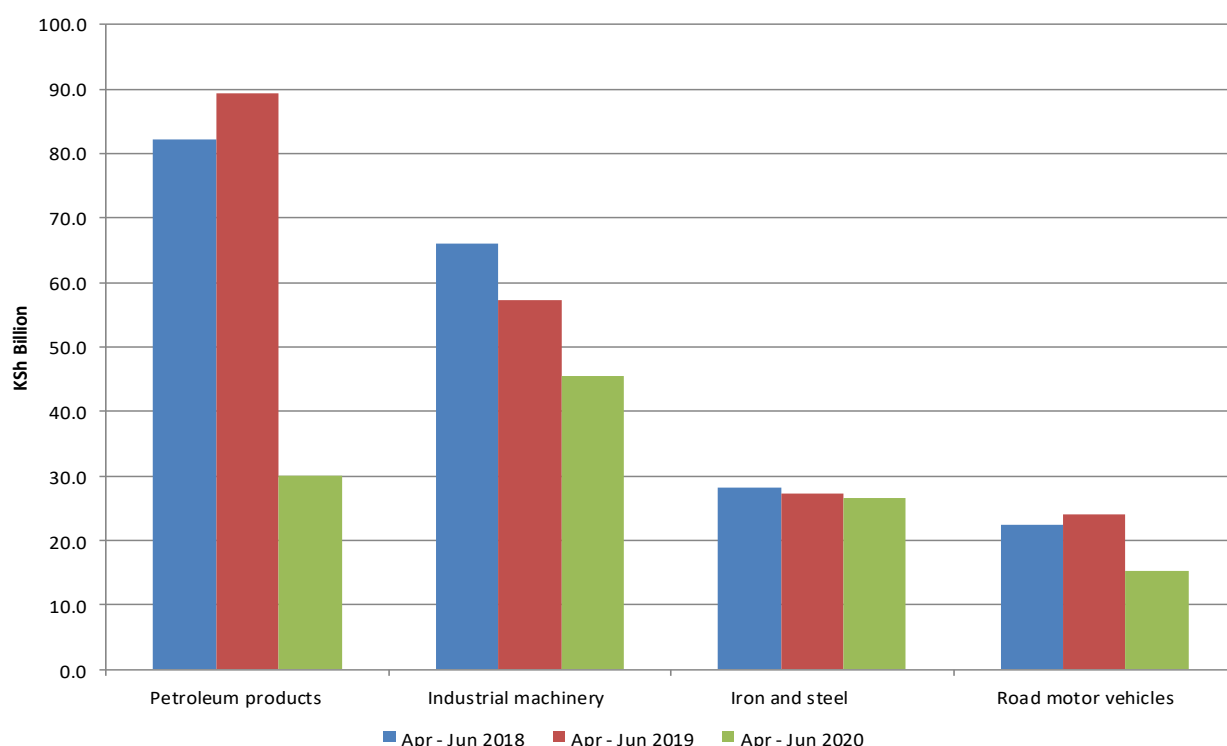

Value of Imports

As presented in Annex 3, the import expenditure dropped by 23.2 per cent to KSh 350.8 billion in the second quarter of 2020 from KSh 457.0 billion in the same quarter of 2019. Significant reduction in import expenditures were recorded in petroleum products (66.5%), road motor vehicles (36.5%), and industrial machinery (20.5%) as depicted in Figure 3. Details of selected imports are shown in Annex 4 and Figure 3. However, the import bill on medicinal and pharmaceutical products grew by 21.7 per cent from KSh 16.0 billion in the second quarter of 2019 to KSh 19.4 billion in the second quarter of 2020 while that of animal and vegetable oils increased by 52.7 per cent from KSh 14.5 billion to KSh 22.2 billion over the same period.

During the review period, import quantities of second hand clothing, chemical fertilizers; and sugars, molasses and honey recorded significant reductions as presented in Annex 4. The quantity of imported second hand clothing decreased from 50,486 metric tonnes in the second quarter of 2019 to 12,082 metric tonnes in the second quarter of 2020 while import quantities of chemical fertilizers declined from 235,409 metric tonnes to 119,211 metric tonnes in the review period.

Imports by Broad Economic Category classification showed decline in expenditures in most of the categories in the quarter under review. Value of imports of fuel and lubricants declined significantly from KSh 102.7 billion in the second quarter of 2019 to KSh 36.7 billion in the second quarter of 2020, representing 64.3 per cent decrease, as presented in Annex 8. Similarly, during the second quarter of 2020, imports of non-food industrial supplies went down by KSh 8.0 billion to KSh 143.4 billion.

Figure 3: Value of Imports of Selected Commodities, 2nd Quarter, 2018-2020

Direction of International Merchandise Trade

During the quarter under review, total exports decreased by 5.5 per cent to KSh 139.1 billion from KSh 147.2 billion in the corresponding quarter of 2019 as shown in Annex 5. Exports to the African region reduced by 10.7 per cent to KSh 48.3 billion in the second quarter of 2020 and accounted for 34.8 per cent of the total exports. This was mainly driven by decline in exports to Tanzania and Uganda, which went down by 24.4 per cent and 12.5 per cent, respectively. The decline was partly on account of decrease in domestic exports of flat-rolled products of iron or non-alloy steel to both Tanzania and Uganda.

Export earnings from the European Union amounted to KSh 21.5 billion and accounted for 15.5 per cent of the total exports during the quarter under review. Netherlands recorded 27.4 per cent drop in total value of exports from KSh 12.1 billion in the second quarter of 2019 to KSh 8.8 billion in the same quarter of 2020, mainly due to decline in domestic exports of cut flowers. Total exports to the United Kingdom expanded by 41.6 per cent from KSh 8.6 billion in the second quarter of 2019 to KSh

12.1 billion in the similar quarter of 2020, mainly attributable to an increase in domestic exports of tea.

Exports to Asia increased slightly from KSh 38.5 billion in the second quarter of 2019 to KSh 38.9 billion in second quarter of 2020. Notably, earnings from exports to Pakistan significantly increased from KSh 9.8 billion in the second quarter of 2019 to KSh 15.0 billion in the second quarter of 2020. The increase was driven mainly by exports of tea which rose by 53.7 per cent from KSh 9.5 billion in the second quarter of 2019 to KSh 14.6 billion in the second quarter of 2020. Total exports to the United Arab Emirates and Saudi Arabia decreased by 31.4 per cent and 43.1 per cent, respectively. Reduced exports of cut flowers to Saudi Arabia mainly caused the decline in exports to this destination.

The value of exports to the America in the quarter under review reduced to KSh 11.7 billion from KSh 14.8 billion in the similar quarter of 2019. The reduction was largely as a result of a decrease in domestic exports of articles of apparel and accessories; and edible fruits and nuts.

During the second quarter of 2020, the import bill went down by 23.2 per cent to KSh 350.8 billion compared to the corresponding quarter of 2019 as presented in Annex 6. Nevertheless, Asia remained the major source of imports with a value of KSh 215.5 billion and accounted for 61.4 per cent of the total imports in the review period. China, India, United Arab Emirates, Saudi Arabia and Japan recorded significant declines in imports, jointly contributing KSh 92.2 billion to the decline in import expenditure during the second quarter of 2020. The commodities that largely accounted for the decrease in imports from these source markets include; second hand clothing, gas oil, railway or tramways goods, vans and wagons not self-propelled, and cold metal rolling mills from China; kerosene type jet fuel from India; kerosene type jet fuel and gas oil from Saudi Arabia and United Arab Emirates.

The import bill from Africa went down from KSh 58.5 billion in the second quarter of 2019 to KSh 38.6 billion in the second quarter of 2020. The decline was largely due to decreased imports from South Africa (51.5%), Tanzania (34.1%) and Uganda (30.3%). The decrease in imports of iron and non-alloy steel from South Africa; maize (corn), live bovine animals, sanitary towels and tampons from Tanzania; milk and cream from Uganda mainly contributed to the decline from these source countries.

Import expenditure from America slightly decreased by 2.0 per cent to KSh 26.8 billion in the second quarter of 2020. Reduction in imports of medicaments from United States of America partly contributed to the decline in imports from this region. In Western Europe, imports from the United Kingdom dropped from KSh 8.9 billion in the second quarter of 2019 to KSh 6.6 billion in the quarter under review, representing a 26.1 per cent decline.
