**Statistical Release**

# **Quarterly Gross Domestic Product Report**

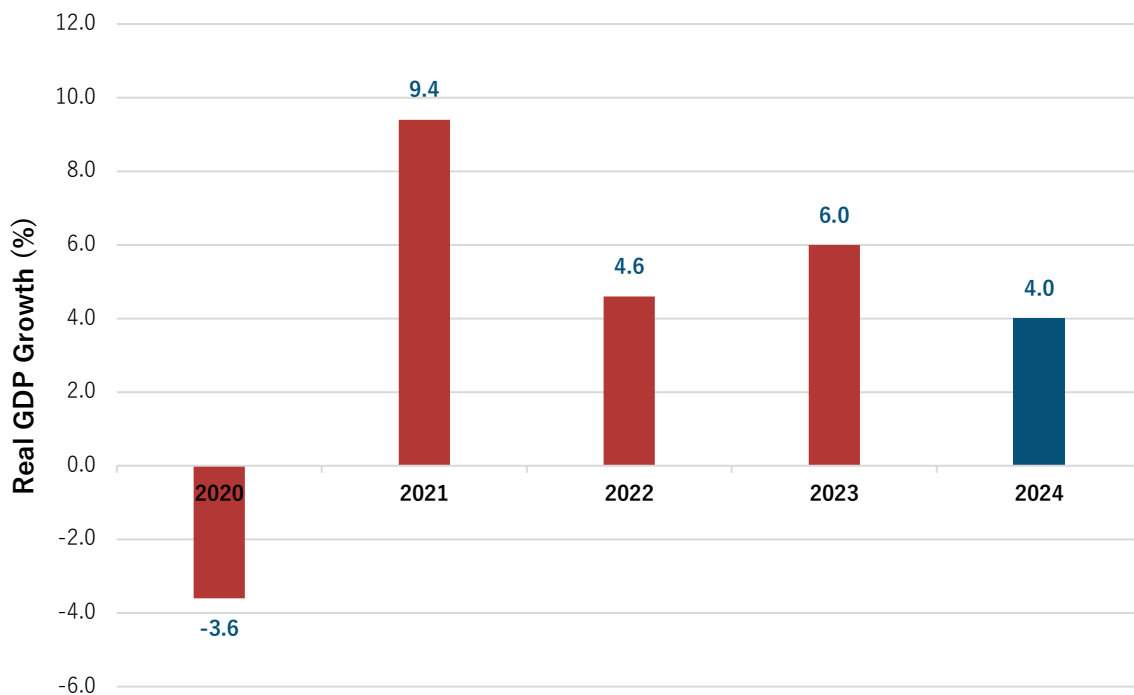

**Third Quarter, 2024**

## 1.0 Macroeconomic Performance

Kenya's economy grew by 4.0 per cent in the third quarter of 2024 compared to 6.0 per cent growth in the corresponding quarter of 2023. The decelerated growth was largely due to a general decline in growth in most sectors of the economy. The growth was constrained by contractions in Construction and Mining and Quarrying activities. Construction activities contracted by 2.0 per cent while Mining and Quarrying posted a contraction of 11.1 per cent in the quarter under review. Nevertheless, the growth was supported by notable performances in Agriculture, Forestry and Fishing (4.2%), Transportation and Storage activities (5.2%), Financial and Insurance activities (4.7%), Real Estate activities (5.5%), Wholesale and Retail activities (4.8%) and Accommodation and Food service activities (13.7%).

Figure 1 shows the third quarter GDP growth rates for the period 2020 to 2024.

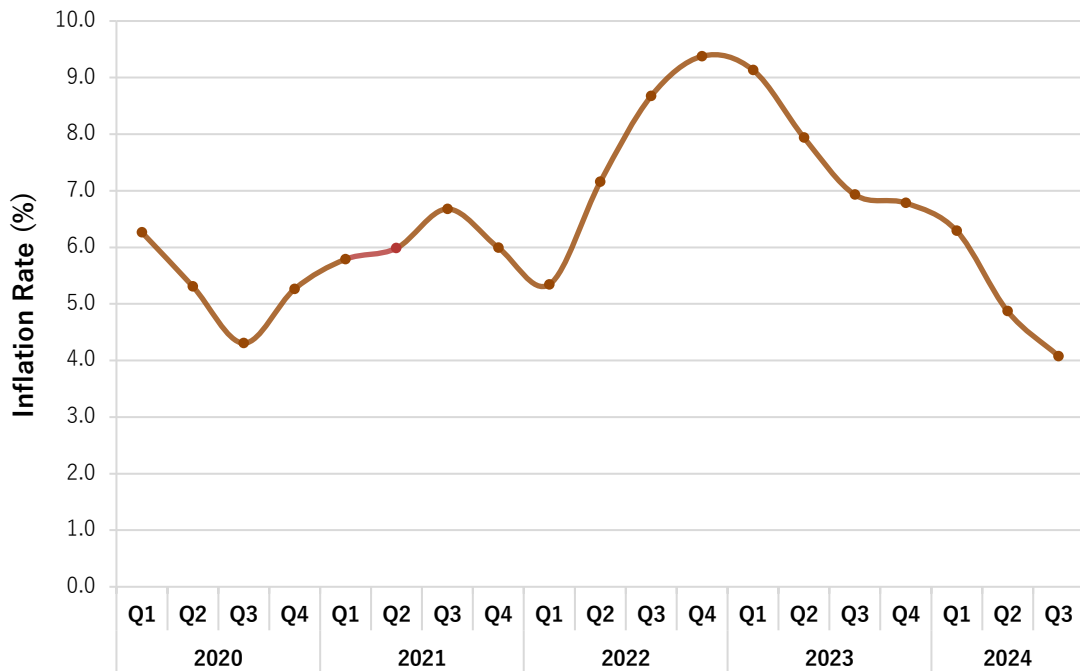

**Figure 1: Third Quarter GDP Growth Rates (%), 2020-2024**

The quarter under review registered mixed performance of key macroeconomic indicators. Inflation eased to an average of 4.08 per cent in the third quarter of 2024 from 6.93 per cent in the corresponding quarter of 2023 mainly driven by lower prices of food and non-alcoholic beverages.

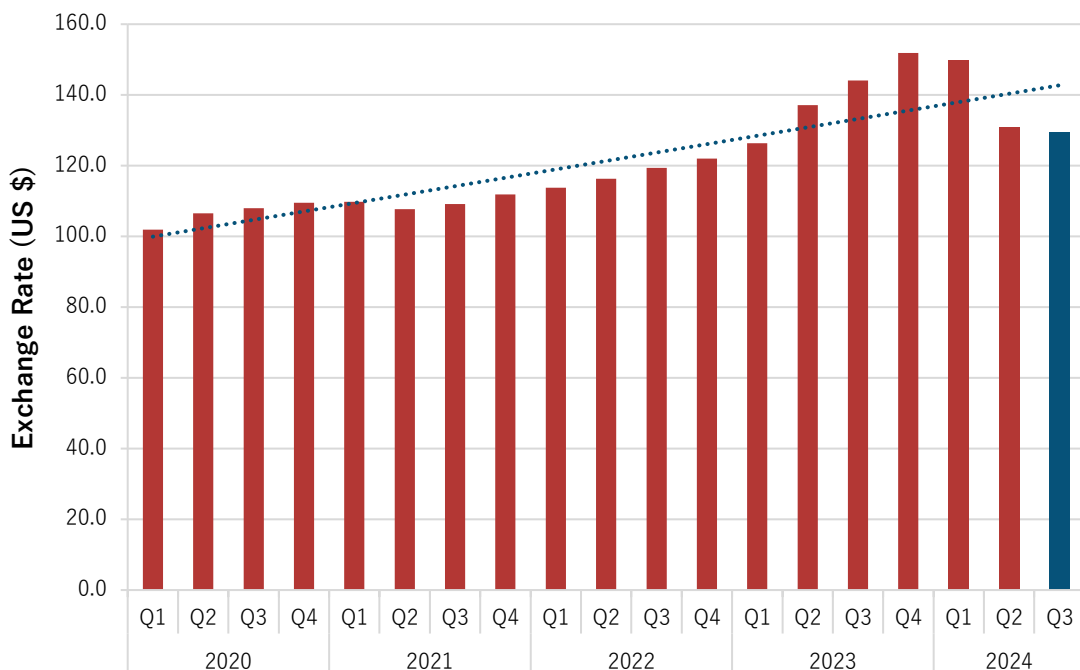

Figure 2 shows the average inflation rate trend from 2020 to 2024.

**Figure 2: Inflation Rates, 2020-2024**

During the third quarter of 2024, the Kenyan Shilling appreciated against all major currencies compared to the corresponding quarter of 2023. On average, the Kenyan Shilling gained ground against the US Dollar, Euro and Pound Sterling by 10.1 per cent, 9.3 per cent and 7.7 per cent, respectively. Similarly, the Kenya Shilling appreciated against the Tanzania Shilling and Uganda Shilling by 21.2 per cent and 11.7 per cent, respectively. However, the Kenyan Shilling depreciated by 12.7 per cent and 6.7 per cent against the Japanese Yen and the South African Rand respectively.

**Figure 3: Foreign Exchange Rate of the Kenyan Shilling against the US Dollar, 2020-2024**

The Central Bank Rate (CBR) was reviewed downwards from 13.00 per cent in July to 12.75 per cent in both August and September of 2024 compared to 10.50 per cent for similar months of 2023. The NSE 20 Share Index rose by 17.8 per cent to 1,775.7 points in September 2024 from 1,508.0 points in September 2023. Broad money supply (M3) grew from KSh 5,841.1 billion as at end of September 2023 to KSh 5,992.1 billion as at end of September 2024.

The current account balance narrowed from a deficit of KSh 139.8 billion in the third quarter of 2023 to a deficit of KSh 139.2 billion in the third quarter of 2024.

## **2.0 Sectoral Analysis**

### **Agriculture, Forestry and Fishing**

The Agriculture, Forestry, and Fishing sector grew by 4.2 per cent in the quarter under review, compared to 5.1 per cent growth recorded in the same quarter of 2023. This growth was largely on account of favourable weather conditions that prevailed throughout the first three quarters of 2024, albeit less in intensity compared to 2023. Some of the sub-sectors that supported growth were sugarcane and milk production. Cane deliveries rose from 874.0 thousand metric tonnes in the third quarter of 2023 to 2,523.5 thousand metric tonnes during the review period. Similarly, milk intake by processors increased from 210.4 million litres in the third quarter of 2023 to 224.1 million litres in the period under review. However, the sector's growth was constrained by a 12.2 per cent decline in tea production from 138,771.6 metric tonnes in the third quarter of 2023 to 121,868.3 metric tonnes in the similar quarter of 2024.

### **Manufacturing**

Manufacturing sector recorded a real GDP growth of 2.3 per cent in the third quarter of 2024, slightly lower than the 2.8 per cent growth recorded during the same period in 2023. The manufacturing sector's growth in the third quarter of 2024 was largely driven by the food subsector, particularly sugar production. Sugar production rose from 77,686.0 metric tonnes in the third quarter of 2023 to 231,052.6 metric tonnes in the period under review. Production of soft drinks expanded by 27.5 per cent, reaching 164,797.3 thousand litres in the quarter under review from 129,204.0 thousand litres in the same period of 2023. Similarly, milk deliveries to processors grew by 6.5 per cent in the third quarter of 2024.

The growth of the sector was constrained by manufacture of galvanised sheet, cement production and assembly of motor vehicles. Production of galvanised sheets fell by 4.2 per cent, from 71,722.8 metric tonnes in quarter three of 2023 to 68,719.5 metric tonnes in quarter three of 2024. Cement production decreased by 12.1 per cent from 2,551.0 thousand tonnes in the third quarter of 2023 to 2,242.4 thousand tonnes in the same period of 2024. Similarly, assembly of motor vehicles saw a marginal decline (0.4%) to 3,262 units in quarter three of 2024 from 3,275 units in the corresponding quarter of 2023.

## **Electricity and Water Supply**

Electricity and Water supply activities gross value added growth decelerated to 0.9 per cent during the third quarter of 2024 compared to 3.3 per cent growth in a similar period of 2023. Growth of the sector was supported by increase in generation of hydro power and decrease in generation of electricity from thermal sources. Generation of electricity from hydro increased by 21.0 per cent to 950.1 million KWh during the review period. Thermal electricity generation declined by 10.2 per cent, marking a positive shift given its reliance on costly inputs.

Overall, total electricity generation declined by 1.4 per cent, from 3,287.6 million kilowatt hours (KWh) in the third quarter of 2023 to 3,240.6 million KWh in the similar period of 2024. Electricity generated from geothermal, wind and solar declined during the period under review. Electricity generated from geothermal sources decreased by 7.8 per cent to stand at 1,410.4 million KWh in the review period compared to 1,529.6 KWh in a similar quarter of 2023. Wind power generation declined by 8.2 per cent to 483.4 KWh while solar power generation contracted by 13.4 per cent to 102.2 KWh in the third quarter of 2024.

## **Construction**

During the review period, the sector recorded a 2.0 per cent contraction, compared to 4.0 per cent growth in the third quarter of 2023. The contraction was reflected by trends in key industry indicators. For instance, cement consumption declined by 10.0 per cent to stand at 2,196.7 thousand tonnes in the third quarter of 2024, from 2,439.7 thousand tonnes consumed in a similar quarter of 2023. The quantity of imported bitumen decreased by 40.9 per cent to 18,353.0 tonnes in the third quarter of 2024 from 31,053.5 tonnes imported in the third quarter of 2023. Similarly, the production of galvanised sheets declined by 4.2 per cent to stand at 68,719.5 metric tonnes in the quarter under review. On the other hand, import of iron and steel products rose by 11.5 per cent to 220.8 thousand tonnes in the third quarter of 2024 up from 198.1 thousand tonnes imported during the corresponding period of 2023.

Credit extended to enterprises in the construction sector declined by 13.6 per cent to stand at KSh 129.2 billion in September 2024 from KSh 149.6 billion advanced in the same period in 2023.

## **Transportation and Storage**

The Transportation and Storage sector grew by 5.2 per cent in the third quarter of 2024 compared to 5.1 per cent growth in the corresponding quarter of 2023. The sector growth was evidenced by increase in consumption of light diesel and port throughput. Consumption of light diesel, a key input for land transportation, increased by 2.7 per cent from 557.6 thousand metric tonnes in the third quarter of 2023 to 572.8 thousand metric tonnes in the period under review. On average, the prices of diesel declined by 8.1 per cent from KSh 187.52 per litre in the third quarter of 2023 to KSh 172.33 per litre in the period under review, offering some cost relief to

transport operators. Port throughput rose by 14.1 per cent from 8,942.9 thousand metric tonnes in third quarter of 2023 to 10,204.4 thousand metric tonnes in the review period.

However, passengers ferried through Standard Gauge Railway (SGR) declined by 7.2 per cent from 701,132 passengers in the third quarter of 2023 to 650,352 passengers in the review period. Similarly, freight transported via SGR contracted by 0.8 per cent to stand at 1,720.3 thousand metric tonnes during the period under consideration compared to 1,735.0 thousand metric tonnes in the third quarter of 2023.

### **Accommodation and Food Service Activities**

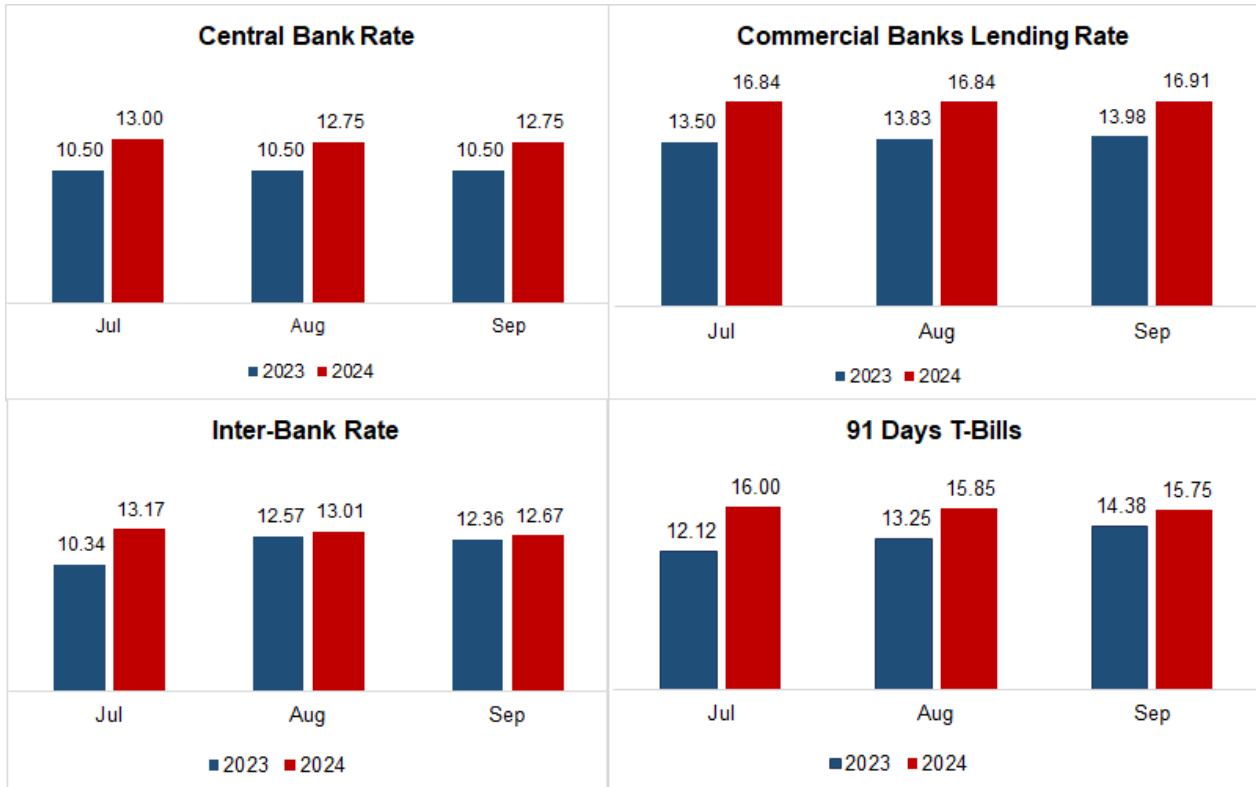

Accommodation and Food Service sector remained resilient in the quarter under review. The sector grew by 13.7 per cent in the third quarter of 2024 compared to 34.5 per cent growth in the third quarter of 2023. Visitor arrivals through major border points increased by 4.2 per cent to stand at 641,900. Visitor arrivals through the two major airports, the Jomo Kenyatta International Airport (JKIA) and Mombasa International Airport (MIA) increased by 0.8 per cent from 486,102 in the third quarter of 2023 to 489,831 in the corresponding quarter of 2024.

### **Financial and Insurance Activities**

Financial and Insurance sector grew by 4.7 per cent in the third quarter of 2024 compared to 15.5 per cent in the corresponding quarter of 2023. The Central Bank Rate was reviewed downwards from 13.00 per cent in July to 12.75 per cent in both August and September of 2024 compared to 10.50 per cent for similar months of 2023. The cost of credit rose during the third quarter of 2024, with average interest rates on loans and other advances by commercial banks increasing to 16.91 per cent in September 2024 from 13.98 per cent in September 2023. The inter-bank rate increased marginally from 12.36 per cent in September 2023 to 12.67 per cent in September 2024. The average yield for 91-Day Treasury Bills stood at 15.75 per cent in September 2024 from 14.38 per cent in September 2023.

Figure 4 illustrates the trends in the selected interest rates discussed above for the period from July to September in 2023 and 2024.

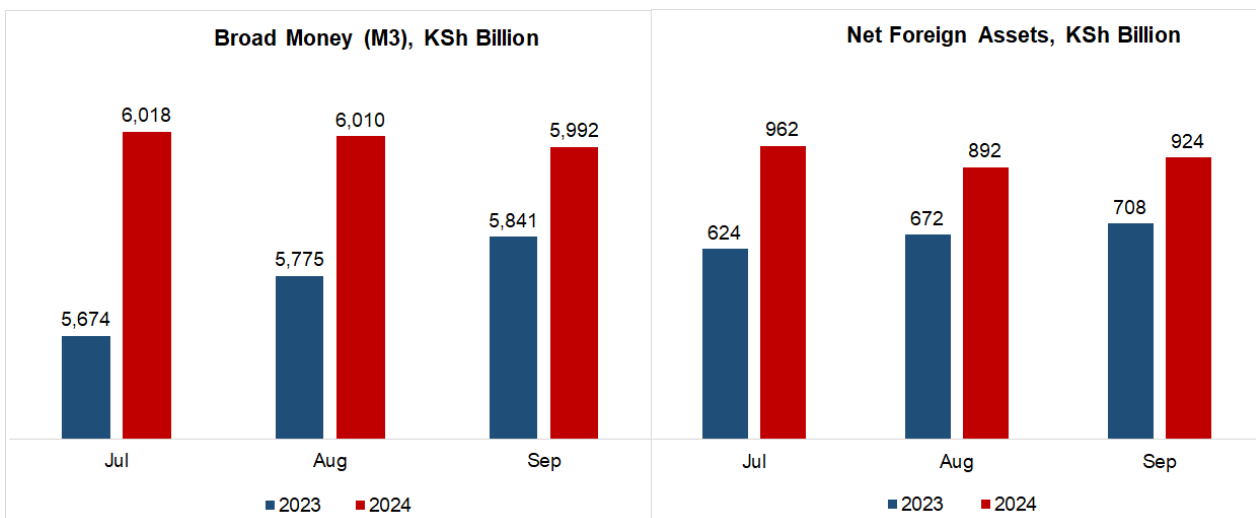

**Figure 4: Trends in Selected Interest Rates, July to September (%)**

Broad money supply (M3) grew by 2.6 per cent to KSh 5,992.2 billion as at end of September 2024 on account of quasi monetary deposits, which grew by 10.5 per cent over the review period. Net foreign assets (NFA) increased from KSh 707.9 billion in September 2023 to KSh 923.5 billion as at end of September 2024 as a result of foreign asset holdings of commercial banks and other depository corporations which more than doubled over the period under review.

Figure 5 shows the broad money supply and net foreign assets during the period from July to September in 2023 and 2024.

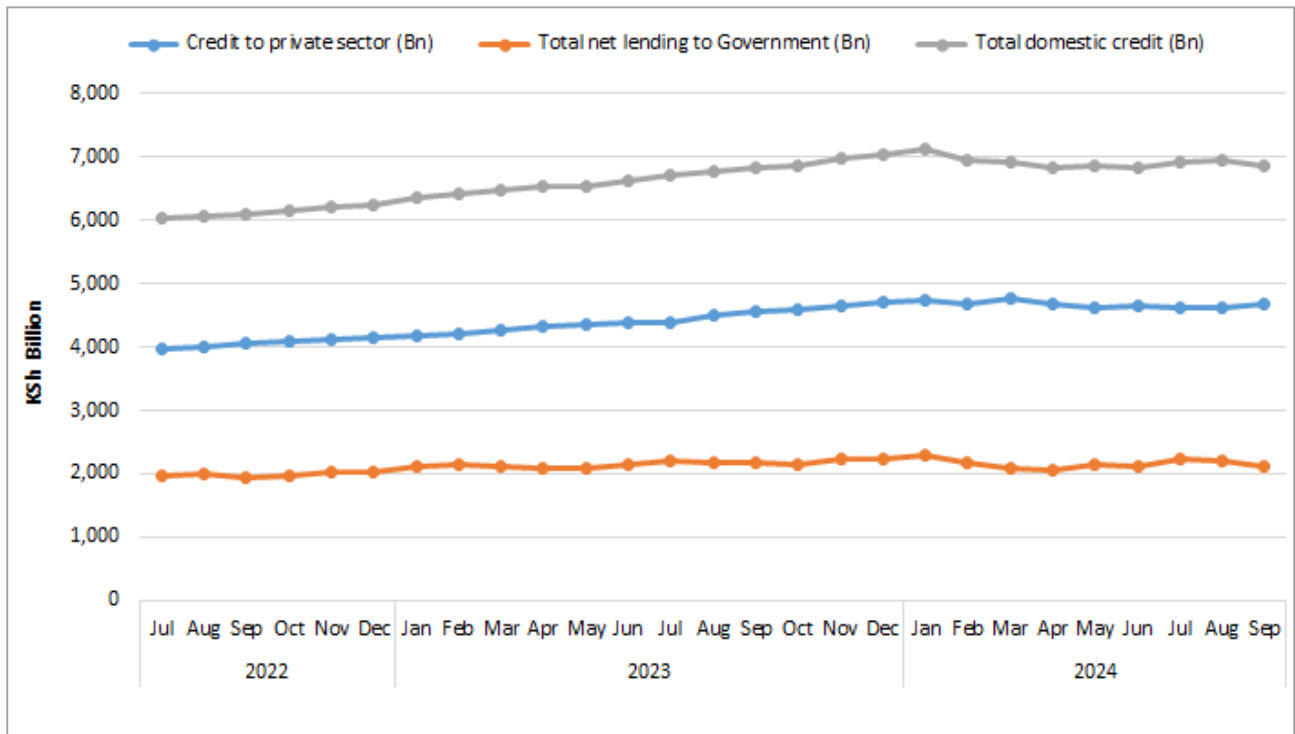

**Figure 5: Money Supply and Net Foreign Assets, July to September**

Total domestic credit recorded a marginal growth of 0.5 per cent from KSh 6,835.7 billion in September 2023 to KSh 6,868.4 billion in September 2024. Credit to private sector grew by 2.6 per cent to KSh 4,670.8 billion in September 2024 while net lending to Government contracted by 3.3 per cent over the review period.

Figure 6 shows domestic credit for the period July 2022 to September 2024.

**Figure 6: Domestic Credit, July 2022 to September 2024**

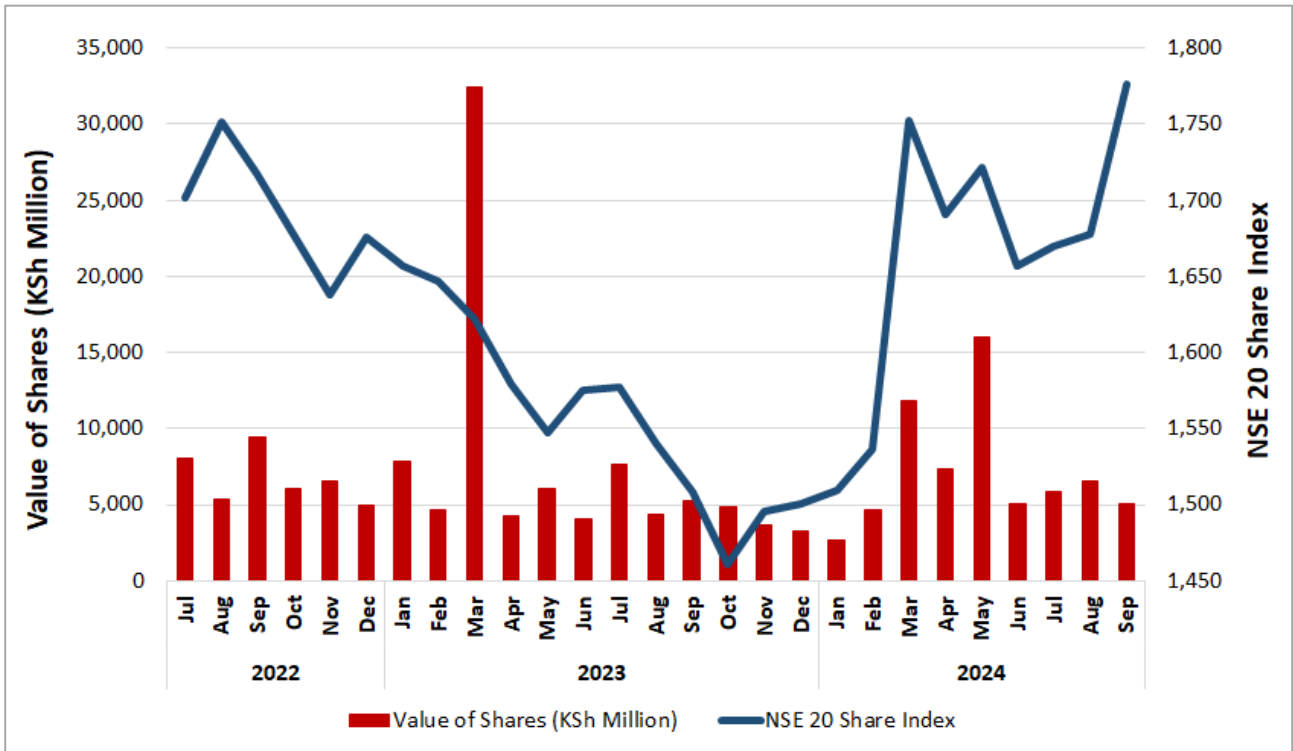

Note: Net lending to Government includes lending to National Government and County Governments

The number of shares traded in the Nairobi Securities Exchange declined from 424 million in September 2023 to 334 million in September 2024. Similarly, the total value of shares traded decreased from KSh 5.2 billion in September 2023 to KSh 5.0 billion in September 2024, signalling reduced market activity. However, the NSE 20 Share Index increased from 1,508 points in September 2023 to 1,776 points in September 2024 indicating a better performance in the equity market despite the decline in the number of shares traded.

Figure 7 shows the NSE 20-share index and value of shares traded from July 2022 to September 2024.
